Part 2: Essay Question. Please answer with not more than 200 words.

Why choose DICT for your internship program?

I chose Department of Information and Communications Technology as the ideal Government Agency for my internship program because it offers professional environment where I can enhance my skills, and know more about this government agency, and gain real-world experience in the ICT field. As a student with a strong interest in graphic design and information technology, I believe that being an intern at DICT will allow me to contribute to meaningful projects while learning from experienced professional in the industry.

Part 3: Essay question. Please answer with not more than 200 words.

What competencies do you expect to gain from your internship with DICT and how will you apply the competencies acquired?

I expect I can enhance my graphic design skills, learn more about graphic design during our internship program at Department of Information and Communications Technology, gain knowledge from the different bureaus of DICT and can acquire new knowledge from the different bureaus. I will apply those competencies by executing what I gain, and having self-assessment to reflect my strengths and weaknesses.
