Date Issued: August 2024

ENDORSEMENT LETTER

Date: May 22, 2025

Mario P. Cuñado
Regional Director
Department of Information and Communications
Technology
Butuan City, Agusan Del Norte

Sir/Madam:

Saint Joseph Institute of Technology (SJIT) is an advocate of the time-tested collaboration of theory and practice in its effort to harness human resource potentials among SJIT students. As such, course curricula are designed to accomplish the balance between academic learning and work exposure as provided for in the commission on Higher Education (CHED) Memorandum Order No. 104, Series pf 2017 otherwise known as the Revised Guidelines for the student Internship Program in the Philippines (SIPP).

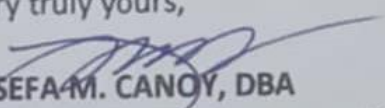

Along this line, academic programs are conceived to expose our students to actual experience during their last year in college. This is popularly known as **ON-THE-JOB-TRAINING**. During this period, graduating students are required to undergo **240 HOURS** of work in an office identified by the school. These students are graded and evaluated by your office based on their performance and work attitude using SJIT appraisal form.

With this OJT program, we are very pleased to inform you that your Office/Company/Establishment has been chosen as the training workplace for this purpose. We will deeply appreciate your gesture of accommodating the following **BSIT/BSCS** Students:

1. Marc Jansen F. Monato
2. Lance G. Montenegro
3. El Bern S. Berdera

It is our hoped that this will be the start of a fruitful partnership between your company and SJIT.

Very truly yours,

JOSEFA M. CANOY, DBA

Dean, College of Business and Information Technology
